Final Program

Special thanks to all of our sponsors & supporters

Dear SSSS Conference Attendees,

¡Que Viva SSSS! Welcome to the 2017 SSSS Annual Meeting and our 60th Anniversary Celebration! We are very excited that you are here with us for an amazing celebration of 60 years of sexual science!

This year's program features over 300 presentations, more than 100 posters, multiple continuing education sessions, exhibits, and networking opportunities aplenty! We are also pleased to host five fantastic plenary sessions:

1. Dr. M. Joycelyn Elders will discuss how far we've come as a field in the Opening Plenary: *Sexuality: We've Come a Long Way Baby!*
2. Drs. Helen Fisher and Justin Garcia promise to deliver a crowd-pleasing presentation in the Presidential Plenary: *Love, Sex, and Singles.*
3. Dr. David Schmitt will answer the question, *Why Do Psychological Sex Differences Vary in Size Across Cultures?* during the Reiss Plenary.
4. Dr. Lorne Campbell will get down to business and talk about the implications of the replication crisis for sex scientists in his plenary: *Open and Reproducible Sexual Science.*
5. Dr. Kamala Kempadoo will conclude the conference with the Distinguished Scientific Achievement Plenary: *Sexual Labor: From the Caribbean to 'Foreign.'*

We appreciate everyone's understanding and flexibility with respect to relocating our Annual Meeting from San Juan to Atlanta in the aftermath of Hurricane Maria. SSSS stands in solidarity with Puerto Rico and is committed to assisting in recovery efforts. To that end, please join us for the "SSSS for Puerto Rico" fundraiser on Saturday, November 11th from 5:30 pm to 7:30 pm. Proceeds from the event will benefit two local organizations providing aid in Puerto Rico: Coaí, Inc. and The Puerto Rico Community Network for Clinical Research on AIDS (PRCoNCRA). Your contributions are greatly appreciated through ticket purchases, raffles, and more! Please join us for an evening of drinks, food, and fun and show your support for our friends, family, and colleagues in Puerto Rico!

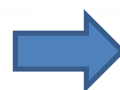

In addition to enjoying the scientific sessions, plenaries, and our fundraising event, please explore Atlanta! There are many fantastic things to do in this city, including Underground Atlanta, Georgia Wine Tours, World of Coca-Cola, Center for Civil and Human Rights, Zoo Atlanta, Georgia Aquarium, Fernbank Museum of Natural History, Inside CNN Tour, Atlanta History Center, MLK Jr. Historic Site, and many more. Please get out and enjoy the city in addition to enjoying the conference.

Again, thank you all so much for coming to the 60th Anniversary Celebration. Enjoy the conference and ¡Que Viva SSSS!

Cheers,

Robin Milhausen, Carlos Rodriguez-Diaz, Kristen Jozkowski, and Justin Lehmiller

SSSS Membership

The Society for the Scientific Study of Sexuality (SSSS) is an international organization dedicated to the advancement of knowledge about sexuality. The Society brings together an interdisciplinary group of professionals who believe in the importance of both the production of quality research and the clinical, educational, and social applications of research related to all aspects of sexuality.

In 1957, The Society was founded to encourage rigorous systematic investigation of sexuality. The early 20th century had produced phenomenal growth in scientific understanding; however, similar gains were not being made in understanding sexuality, with knowledge often mixed with misunderstanding and confusion. Through interdisciplinary cooperation, The Society continued to support the study of sexuality as a valid area of research by the scientific community.

One of The Society's strengths is the range of disciplines represented by its members, conference participants, and journal authors. A broad interdisciplinary perspective is insured by dialogue and research contributions from biologists, physicians, nurses, therapists, psychologists, sociologists, anthropologists, historians, educators, and theologians, etc.

Become a Society Member: Join one of the oldest global organizations of professionals interested in the study of sexuality. Keep up-to-date with the latest findings from diverse areas of research. Establish a continuing dialogue with colleagues in the sexual sciences who are working in a broad range of disciplines. Share your research, teachings, or clinical experiences with a group of professionals interested in knowing your work. Become part of a close-knit community of researchers.

SSSS Membership Benefits: In addition to participation in and reduced conference fees at the SSSS Annual Meeting and Symposiums, members receive: *The Annual Review of Sex Research*, *The Journal of Sex Research*, and the *Sexual Science Newsletter*. You'll also be able to communicate with other SSSS Members (SSSSTalk listserv), apply to become a SSSS Ambassador (student and developing professional members), and have the opportunity to apply for grants, awards, and scholarships. Discounts are available for affiliates' meetings. Your membership in SSSS actively supports The Society's work in advancing knowledge about sexuality, rewarding research excellence, and promoting freedom of inquiry for researchers.

Eligibility for Membership: Membership is limited to applicants who have demonstrated an active professional commitment to the advancement of knowledge about sexuality. Applications are reviewed by the Membership Committee to determine eligibility; additional information may be requested.

If an applicant is accepted, membership becomes effective with payment of dues. Membership is paid on a calendar year basis only. After October 1, all membership dues paid will be applied to the next calendar year.

Categories of Membership

Memberships are available for individuals who hold a degree (i.e., Doctoral, Masters, Bachelors) in a relevant academic discipline or area of expertise.

Couple Memberships are offered to partnered individuals at a reduced membership rate and receive one copy of each publication. Applicants for couple membership must submit one application for each person.

Retired Memberships are available for professionals over 65 years of age who have greatly reduced their professional activities, and wish to maintain membership in SSSS at a reduced rate.

Developing Professional Memberships are available to those who are within three years of graduating with a terminal degree. After three years post terminal degree, individuals qualify for the full membership category.

Student Memberships are available at a reduced rate to those currently enrolled in a relevant course of study. Student members are eligible for student research grants, Mentoring & Ambassador Programs, leadership opportunities, and awards at conferences.
